Dear Wholesaler:

During the 2012 regular Session of the Alabama Legislature the Alabama Uniform Controlled Substances Act was amended. Code of Alabama 1975 20-2-190(1) now provides that it shall be unlawful for any entity other than a pharmacy to sell any product containing ephedrine or pseudoephedrine. Therefore you can only sell these products to pharmacies licensed by the Alabama State Board of Pharmacy.

In order to ensure compliance you are being provided with this information. Your failure to comply shall be at the risk of sanctions to your permit. If you have any questions, please call.

Thank you,
