Policy 23-005

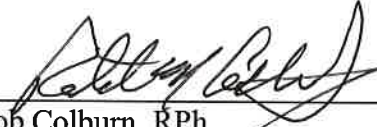

USP 800 COMPLIANCE ENFORCEMENT

It is the Board's position that USP 800 will be enforceable on November 1, 2023.

Recognizing that pharmacies need time to fully implement the requirements of USP 800 and potential supply chain issues due to demand, the Board is allowing for discretionary enforcement with regard to the November 1, 2023, deadline. Investigators should use discretion in determining pharmacies' intention and progress with regard to compliance.

This policy does not address what may be any civil or criminal liability imposed upon a pharmacist.

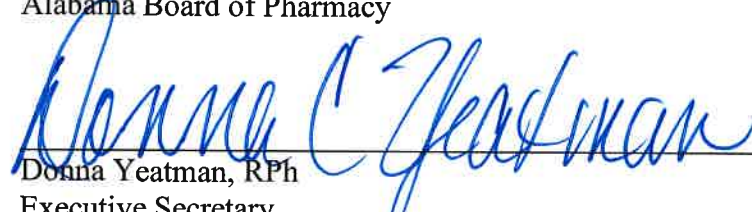

*Policy adopted by the Board of Pharmacy during the Business Meeting on September 20, 2023.
This final draft has been approved by all Board members.*
