## Intern/Extern Practical Training Verification

### 680-X-2-.16 Practical Training Programs Standards

(5) The minimum externship/internship required for licensure shall be fifteen hundred (1500) hours. This may be obtained through a college-structured program or through a nonstructured program, all under the supervision of a registered preceptor. Four hundred (400) hours must be completed in a traditional pharmacy setting, with a Board approved preceptor, so that the emphasis is on the distribution of medicines, prescriptions, and medical supplies. Externs/Interns shall submit to the Board of Pharmacy adequate documentation demonstrating compliance with the traditional hour requirements of this section.
